MySQL, MSSQL

MISC

Linux Management, Windows Management, Bash Scripting, Powershell Scripting, LabTech, Ansible, Java, Python, Ruby.

Interests

I strongly believe in learning for the sake of knowledge, and try to learn as much as I can about anything that interests me. The best weekends are spent learning a new technology stack, new music for guitar, or improving my golf game. When I am not working I enjoy spending time with my girlfriend and our pet rabbit Loop.
